## Coqui Frog Reports

### Coqui Frog Working Group

Hotline Calls from January 2008 to November 2008

Coqui Frog - *Eleutherodactylus Coqui*

Photo by Arnold Hara, UH CTAHR

Distribution data based primarily on Coqui Hotline calls to CFWG agencies, as well as survey/control work by public agencies and community groups.

Source: Coqui Frog Working Group, 2008  
Data: Hotline calls to CFWG cooperating agencies (2008)  
Datum/Projection: NAD 83, UTM Zone 5N  
Map prepared by: R. Hamilton 12/2008  
adapted from C. Rygh, 2005; P. Graves 9/2007

-  Coqui Frog Locations (Confirmed & Unconfirmed)
-  State & Federal Land Reserves

Point density may not be indicative of actual Coqui Frog population densities. Natural areas and Coqui tolerant communities are likely to be under represented, while more densely populated areas and those with active community Coqui control programs may be over represented
